

## CIPS ETHOS STATEMENT

Crumlin Integrated Primary is a welcoming, warm and inclusive school which provides a safe, caring and stimulating environment for all of our pupils. This enables our children to grow in confidence and independence and therefore achieve to the very best of their individual abilities. Relationships across our school community are excellent and are based on mutual respect between children, staff and parents. Our approach follows the key principles of integrated education, creating an environment that promotes the development of socially responsible young people, who demonstrate mutual respect and a belief in equality through their actions.

Children enrolling at the school are warmly accepted by our school community and quickly integrate into school life. Our staff are enthusiastic, committed and hard-working and they recognise and value the important contribution parents can make in supporting their child's learning. Together we encourage all of our children to be the best that they can be.
